WELCOME

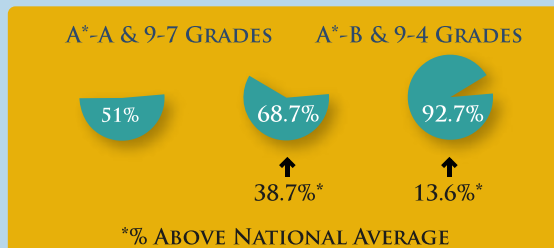

As the world returns to something close to “normal” our focus remains our pupils. As we fully resume sport and fixtures, curriculum trips, outdoor education in our incredible location, **acting, singing, playing** instruments and formal examinations we keep a strong grip on ensuring our children and young people remain **safe, happy and thriving**. Staff and pupils are embracing the opportunities we perhaps might once have taken for granted and I thank them for their enthusiasm and resilience.

VALUE ADDED

We rate our teaching on the ability to meet and exceed a child's innate ability. We don't want any child to “slip through the net” and “Value Added” is a formal way of judging this. The scores reflect our successful outcomes, e.g. 0.81 in GCSE means for every 10 exams sat 8 of them achieved higher grades than would be attained through ability alone (these are evaluated through constant testing and monitoring of children).

Every school **works hard** to be the best they can be, but at **Rydal Penrhos** we go one step further: we work hard to make sure that **every pupil** is the **best** they can be.

WE TAKE PART...

Education extends beyond the classroom and curriculum; trying new things, discovering new passions and building new skills.
